Terry, I may take you up on the opportunity to meet with you, possibly some time in mid-April, if that works for you. I will be out of the office from 3/24 to 4/7.

I would also like to add Peter Leinenbach and Teresa Kubo to the doodle poll. Both are heavily involved in forestry issues in Oregon.

Thanks Terry. I look forward to working with you on the ODF Riparian Rule making process.

Subject: review of ODF Riparian Rule write-up

Folks,

Jeremy is working on the write-up of the model he is using to develop and test riparian rule prescriptions for ODF. Our intention is to get you this write-up the week of April 28th, and meet with you soon afterwards to address any initial comments and questions on the write up, while giving you some time after this meeting to pull your input together. Please complete the attached doodle poll by this Friday to get this meeting on the calendar.

Thanks,

Terry

PS – Alan, I had heard that you were taking over from Dave Powers about forestry issues in Oregon.

I'd be happy to bring you up to speed with this process if more info than what was presented at our January meeting would be helpful – just let me know. Also, if there are other people from EPA that should be included in this, please let me know.
